Are Women Naturally Despondent? A prominent writer so claims. Women are constituted with a delicate organism and in nine cases out of ten mental depression may be attributed to an abnormal condition of the system, which expresses itself in nervousness, sleeplessness, backache, headaches, causing constant misery and as a result despondency. Lydia E. Pinkham's Vegetable Compound, a simple remedy made from roots and herbs, is the one great remedy for this condition. It goes to the root of the trouble and overcomes despondency.

For sale, choice Elberta peaches, no cuts, delivered in city afternoons, only 25 cents per bushel or 3 bushels for 50 cents. Phone Hamilton, X Y 25.

Mr. H'Ron who is the son of Mr. and Mrs. W. H'Ron of No. 1, Highland Park, is very well known, having been a resident of Guthrie for several years. He is a graduate of Logan County High School and of the Epworth University and received his masters degree from the Oklahoma University. HOME SAVING PROVERBS

A bank in one of our cities has formulated some banking proverbs which hold considerable worth. They may help many more than those for whom they were originally intended. Because this is so some of them are given here:

The time to save money is in the morning of life.

Don't put off till afternoon what you can do in the morning.

By saving something every week, you begin each week richer.

The first dollar deposited in a bank

may be the first brick in the new home you've dreamed of.

Money in one's pocket burns a hole and drops through; money in a bank earns interest every day in the year.

There is a bird on the dollar; that is no reason why you should let it fly; better deposit it in a bank.

It is not what you earn but what you save, makes you rich.

Spending all you earn now does not mean future prosperity.

Live within your means, and put something away for the future.

Large wages all spent do not represent so good a condition as a small income and part of it saved.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
